

**Daniel D. Alcocer**  
**Inspector/Consultant I**  
**Curriculum Vitae**

Daniel Alcocer joined **Myles F. Corcoran Construction Consulting, Inc.** in 2008. Current duties include: conducting site inspections, analyzing blueprints, writing reports, preparing cost of repair estimates, investigating and reporting on both Plaintiff and Defendant cases, investigative testing, specifying products, and code compliance research. Skills range from thorough inspection to writing clear inspection reports to producing detailed scopes of repair. Mr. Alcocer also provides on-site quality assurance and repair designs to property owners and contractors. California Contractor License #928658, Class B-General Building. International Code Council (ICC) Certified California Residential Building Inspector, Certified California Commercial Building Inspector, and Certified California Residential Plumbing Inspector #8033883-J1/I1/J3. EPA Lead-Safe Certified Renovator, #R-I-18909-10-02893.

**PREVIOUS EXPERIENCE:**

**Advance Construction Technology, Inc. (04/2006-07/2008)** - Production Manager/Project Manager. Analyzed blue prints, specifications, production schedules. Produced scopes of work and proposals. Administered subcontracts. Coordinated various phases of construction with property management companies and HOAs. Performed and supervised work in plumbing, electrical, concrete, and framing of residential (single and multi-unit) dwellings and commercial buildings. Met with architects and engineers for various project needs and with building officials for permit requirements. Procured, reviewed and assimilated complex documentation relating to re-construction cases. Completed job close out tasks.

**Fehr Construction (11/2003-04/2006)** - Carpenter/Foreman. Executed and supervised various aspects of rough framing, fire-resistive construction, and finish carpentry of custom homes.

**Nutter Construction (Seasonal, 09/1997 - 10/27/03)** - Project Manager. Executed and supervised the tasks involved in the constructing of custom homes from the foundation to finish, including grading, concrete, asphalt, rough and finish carpentry, electrical, plumbing, and roofing. Co-designed various home remodels and additions. Permit procurement and sign-offs.

**EDUCATION:**

Continuing Education courses and seminars in Construction and Code Interpretation.

Cabrillo College, Aptos, California, Associate of Science, 1995.  
Construction and Energy Management Courses, 2008-2010.  
4.00 Cumulative GPA.
