Testimonials

"MFC's work was very valuable! I valued your knowledge and level of detail about the case. I liked working with MFC for your attention to detail and on time performance. I was very satisfied with the level of communication about the case."

-David S. Roberson, Esq., Rossi, Hamerslough, Reischl & Chuck

"Mr. Corcoran and his staff are consummate professionals with a well-deserved reputation for excellence. My first dealings with Mr. Corcoran was on a large case in which he was the expert for Plaintiff and I represented a major defendant. There were a number of complicating factors which could have led to the case becoming an expensive, litigious morass. Mr. Corcoran's thorough, balanced and fair work was the primary reason the case settled. I was impressed enough to hire him the next opportunity I had."

- J. Kenneth Gorman, Esq., Johnson & Moncrief

"I would hire Myles Corcoran if you want experience and integrity. I can always count on Myles to breakdown complicated issues and problems so that they can be attacked with common sense and intelligence. I have known Myles for 15 years and he has not lead me astray on a single case yet. When armed with reliable information such as I have always received from Myles, it is easier to reach an appropriate resolution."
